

Fetzer Academy

Arthur G. Fetzer Memorial Christian Academy is located on the outskirts of Lima, Peru. It is a school for missionary children in kindergarten–12th grade living in the greater-Lima area. The school has no boarding facilities, and all students commute to school daily. Our goal is to assist parents in their children's training. This involves academic instruction and discipleship for Christian living. We encourage our students to take an active part in their families' ministries in Peru.

NEEDS

Fetzer's beautiful campus comprises seven classrooms for up to 12 students each, offering an environment conducive to learning. Two grades are taught in each classroom. The campus includes a library and housing for short-term teachers.

The academy uses a combination of curriculum from Bob Jones University Press, Abeka books, and Saxon. We strive to provide a quality education equivalent to any good Christian school. Most students are bilingual, and we offer Spanish training from grade one.

Upon graduation, Fetzer students are well-prepared for college. Most follow a college prep course of secondary studies. Fetzer is a member of the AACCS and provides standardized testing through their testing program for grades K-8.

HOW YOU CAN SERVE

We seek qualified teachers who are dedicated to teaching and discipling MKs. Positions are available for elementary and secondary instructors to serve as short-term or career missionaries.

Fetzer teachers apply to and are accepted through Baptist Mid-Missions and raise their own financial support. Faculty are expected to be examples of faithful church members, supporting the total work of a mission church and sharing their talents where possible.

If you are a teacher with an education degree and desire to support the ministry of Baptist Mid-Missions in Peru by helping us teach MKs, prayerfully consider joining our team in Peru.
