

Mormon Focus Ministries

Mormon Focus Ministries: Utah is a great mission field. Baptist Mid-Missions has been involved in church planting and evangelism here since 1967. The state is approximately 65 percent Mormon, and its people are more open to the gospel than ever before. Utah is one of the fastest-growing US states, and jobs are available.

NEEDS

There are at least 48 cities with populations over 1,000 and no church other than LDS (Latter Day Saints, another term for Mormons).

There is an open door and a great need for church planting teams to target some of these cities for new church plants. These teams consist of a lead missionary couple, and one or two short-term or tentmaker couples/singles to work together in establishing a mission church.

HOW YOU CAN SERVE

- Church planting teams start Bible studies, disciple Christians, and work in a community to spread the gospel and establish a new church. Will you pray about becoming a lead church planting missionary or part of a team?
- We also need church planters, helpers, or tentmakers who can speak Spanish for Hispanic church-planting in Utah.
- We need helpers or tentmakers for a university campus ministry in Orem, Utah.
- We also need workers to help with camp ministry.
- Would you consider serving short-term or just moving here to help a church-planting team or support ministry?
