

Peru

Peru, the land of Machu Picchu and the renowned Incan civilization, is located on South America's Pacific coast. The country has three clearly delineated geographic regions: western coastal desert, central mountains, and eastern jungle.

Peru's population has surpassed 32 million, with 82 percent following the predominant Roman Catholic religion.

NEEDS

Baptist Mid-Missions has been ministering in Peru since 1937.

Youth: Almost half of Peru's population is under 25 years old. Churches have tremendous opportunities to reach a young generation for Christ and disciple them to yield their lives in serving their Savior in their local churches.

Bible Training: Cults have been quick to reach out to Peruvians. Many evangelical groups and churches focus on emotion, sensationalism, and experiences and have shallow Bible knowledge and teaching. Baptist Mid-Missions has Bible institutes in Trujillo and near Cuzco to ground young men and women in the Bible.

HOW YOU CAN SERVE

- Church planters are needed to team with nationals or other missionaries to plant churches in Peru as they evangelize, disciple, and ground the believers in the Word.
- Trained Bible professors are needed in the two BMM Bible colleges in Trujillo and Cuzco.
- Teachers are needed to educate missionaries' children (in English) at Fetzner Christian Academy in Lima.
- Additional opportunities exist in radio ministries and camp ministries in Trujillo, Lima, and Cuzco.
